The latest and most important goals of the association are:

1. Establish a \$ 15 million Georgian Venture Fund in partnership with experienced, well-known Silicon Valley venture capitalists.
2. This fund will make successful investments in 300 technology startups.
3. As a result of successful startup stories, establishing a \$ 200 million fund by the world's leading venture capitalists.
4. Georgia to become a regional center for startups.
5. Facilitate the establishment of the Georgian capital market as a regional financial center.

With just 15 million, the future of Georgia will be significantly improved!

Change the country for the better!
